

ON THE MONEY

EDUCATOR RESOURCES

DOUBLE-SIDED MAGNETIC MONEY

Available from: Learning Resources
www.learningresources.com

These large manipulatives spark curiosity about coins and bills and help students develop an early love of learning about money math. Provides classroom practice for students who experienced these fun teaching aids with the Science Factory To Go.

Oversized magnets are ideal for group instruction in money values, adding and subtracting, and money-solving problems. Set includes 50 double-sided pieces, coins from pennies thru half-dollars, and bills from \$1 to \$100.

COUNTING MONEY TASK CARD SET

Available from: Teachers Pay Teachers
www.teacherspayteachers.com

This fun classroom activity challenges students to count bills and coins totaling \$5.00 allowing them to learn and practice their skills about money and math.

Set includes 24 task cards, ideas for different ways to use the cards in lessons, a student answer sheet, and a teacher answer key.

Available as an instant PDF download.

MONEY CHART CLASSROOM POSTER

Available from: Teacher Created Resources
www.teachercreated.com

Money value concepts are made easier with this large scale (17"x22") durable chart. Provides students with visual review and practice.

Related lessons and activities are provided on the back of each chart.

MONEY CLASSROOM POSTER SET

Available from: Teacher Pay Teachers
www.teacherspayteachers.com

This six-piece set includes posters for dollar bill, penny, nickel, dime, quarter and half-dollar coins. Shows image, name, and ways to write each one.

FREE digital download.

MONEY FLASHCARD SET

Available from: Lakeshore Learning
www.lakeshorelearning.com

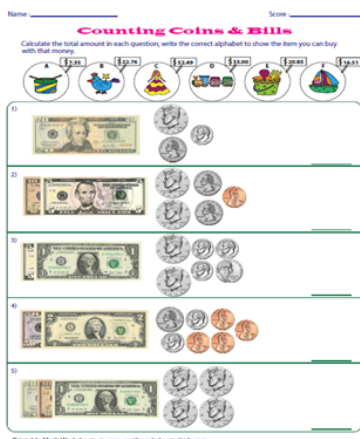

This set of 96 cards make money concepts easy to master. Cards feature coin identification and values from \$1 to \$20 and coin combination problem cards.

MONEY BINGO

Available from: Lakeshore Learning
www.lakeshorelearning.com

Plays like traditional Bingo, only when an amount is called, players search their cards for the corresponding coin combination. Kit includes everything you need for up to 36 players!

"LET'S GO SHOPPING" WORKSHEET

Available from: Math Worksheets 4 Kids
www.mathworksheets4kids.com

Students get to practice their money skills using the example of a shopping trip.

"MAKING CHANGE" WORKSHEET

Available from: Teachers Pay Teachers
www.teacherspayteachers.com

Students get immersed in the fun of running a lemonade stand and making change for their customers.
