

TELLING TIME

EDUCATOR RESOURCES

ANALOG & DIGITAL CLOCK MATCHING

Available from: Math Worksheets 4 Kids
www.mathworksheets4kids.com

This is a great classroom activity that helps kids practice what they've learned about analog and digital time telling. The matching game coordinates with what students learned with the Science Factory To Go.

The website includes a huge selection of downloadable, math-focused worksheets. They cover a wide variety of math topics for grades K - 12.

TELLING TIME POSTER

Available from: Palace Learning
www.palacelearning.com

18"x24" laminated poster.

TELLING TIME PRACTICE CLOCK

Available from: Eureka School
www.eurekaschool.com

This 41 piece kit is an excellent way to teach students to tell him. It works with any analog classroom clock and gives a visual cue to students each time they look at the clock.

TELLING TIME MATCHING GAME

Available from: Trend Enterprises
www.trendenterprises.com

Two-sided cards features images for real-life connections. Kit includes 52 durable cards.

TELLING TIME FLASHCARDS

Available from: Trend Enterprises
www.trendenterprises.com

Self-checking cards for individual or group practice.

ELAPSED TIME FLASHCARD SET

Available from: Learning Advantage
www.learningadvantage.com

Helps students learn to calculate beginning, ending, and elapsed time in both analog and digital formats.

Kit contains 105 large, easy-to-handle cards.

TUB OF TIME TILES

Available from: Eureka School
www.eurekaschool.com

Helps students recognize the connections between expressing time digitally, analog, and written.

Kit includes 180 reusable tiles.

"ABOUT TIME" GROUP ACTIVITY SET

Available from: Learning Resources
www.learningresources.com

Turns learning about time into a game for a small group or whole classroom. Students develop skills in telling, matching, and writing time.

Set includes:

- 12 clocks (analog and digital)
- 24 time card puzzle pieces
- 3 time dice
- Activity instruction guide
